Small group info:

- One adult per table group. Each adult will be assigned one youth as available. Some tables have 2 youth leaders and no adults.
- We will instruct Kids to choose small groups during opening on Monday (4th and 5th can be combined and only 8 kids per group) Small groups will be the same for the rest of the week. You will have the same kids every day- these are your kiddos! Get to know them, hang with them! Let them get to know you.
- During opening on Monday you will find a small sign with your group number on it laying on the front of the student center stage. When instructed you will hold your sign up for kids to come and find you. Once you have your 8 kiddos you will take them to a spot inside the student center, grab some markers and decorate your sign with your names and a made up group name.
- You are welcome to carry your group sign with you for a few days so the kids can find you as they learn their group number. Make sure kids know their numbers after they leave the first day, so they can find you the following day.
